:: Business And Financial News ::**TAX PAYMENT OF MAUI AGR. CO. IS HELD TO BE GOOD**

Passengers on French Schooner Taken By Raider, They are Abandoned Without Food or Water

Under a decision handed down this morning by Federal Judge Thomas W. Vaughan, the United States government will not have to pay back to the Maui Agriculture Co., the sum of \$40,522.20 which was paid to the late John F. Haley, collector of internal revenue, as income or excise taxes. The decision sustains the demand of the respondent and dismisses the case.

The decision holds that the Maui Agriculture Co., comprising seven plantations and sugar companies, is a joint stock company and therefore liable to the taxes. While the company paid the money, payment was made under protest and the settlement of the matter left to the court.

The decision finds that the company is not a copartnership. In part the syllabi says:

Paragraph 6 of section 2 of the act of congress of October 3, 1913, levying tax on incomes of corporations, joint stock companies or associations, and insurance companies, not including partnerships, is construed to include within its meaning joint stock companies or associations those organized under the common law, though considered in law partnerships, and to include within the meaning of partnerships ordinary partnerships only, and not joint stock companies or associations.

LIBERTY LOAN LITERATURE IS RECEIVED HERE

Six sacks of mail, including literature, subscription blanks, data, bulletins and 3000 buttons pertaining to the second Liberty Loan were received this morning by the executive committee in charge of the campaign in the Hawaiian Islands. The mail came from James K. Lynch, governor of the 12th federal reserve district, San Francisco, and it required a large day to transport it from the postoffice to the executive committee office in the Chamber of Commerce rooms.

According to one of the bulletins received it appears that delivery of the second Liberty Loan bonds will be made to purchasers as early as November 15, providing that the purchaser has made the final payment by the date.

The pledges committee at the meeting of the executive committee of the campaign this morning reported that the work of outlining the pledge forms

BLDG. PERMITS TOTAL \$60,000 MORTGAGES, DEEDS SLUMP OFF

Compared with last preceding week the total value of deeds and mortgages filed in the bureau of records shows a decided decrease. Building permits swelled last week by the new stores being constructed in the downtown district also show a falling off. The figures for the week compare favorably with the figures for any week in July or August and are not below the average. In detail the deeds, mortgages, leases and building permits are as follows:

	Deeds		Mortgages		Leases		Building Permits	
	No.	Value	No.	Value	No.	Value	No.	Value
Sept. 28	7	\$11,439.40	7	\$12,700.00	1	\$ 200.00	4	\$ 6,155.00
Sept. 29	2	1,021.00	4	1,944.00	4	4,226.00
Oct. 1	10	9,907.00	8	16,620.48	3	184.00	2	4,400.00
Oct. 2	4	4,207.00	3	5,243.32	1	1,982.00
Oct. 3	5	1,872.50	5	8,700.00	1	1,240.00
Oct. 4	4	9,668.00	1	450.00	4	42,707.00
Totals 32	32	\$38,738.90	27	\$44,917.80	5	\$1,134.00	16	\$60,110.00

1917 DROUGHT ON HAMAKUA COAST CAN'T COMPARE WITH 1901 RECORD

Only 1.35 Inches Fell 16 Years Ago as Compared With 6.40 Inches This Year

This year's drought on the Hamakua coast is one-sixth less severe than that of 1901, according to the records of Albert Horner, who at that time was the manager of the Kukui plantation, one of the properties affected by the prolonged dry spell on the Big Island.

The oft-repeated statement that the 1917 drought was the most severe in the memory of the Hamakua coast residents caused Mr. Horner to get the records and do a little comparative figuring. His results show that in 1901 there was only 1.35 inches of rain, while this year for the same months there have been 6.40 inches. Discussing the drought, Mr. Horner says:

"It is stated by many that the drought now prevailing in the Hamakua district is the worst known in the memory of the oldest inhabitant. Memory in these cases is not always reliable, as the record of rainfall during the drought in 1901 in Hamakua will show when compared with the record of 1917.

"The drought of 1901 began on the 5th day of April, there having been three inches during the first five days of the month. It ended on the 20th day of October. It covered a period of 206 days during which there was but 1.35 inches of rain."

Mr. Horner makes these statements based on the following comparative table:

	1901	1917
April	3.00	1.73
May	1.00	1.73
June	.14	2.74
July	.67	1.62
Aug.	.28	.21
Sept.	.26	.10
Total	1.35	6.40

A summarization of the weekly island weather conditions issued by the weather bureau states:

Showers were more frequent and the cane showed a decided improvement in most sections of Hawaii during the past week. Good rains were received in the Hilo districts, but none in the Hamakua. On Maui only showers were received which were not sufficient to wet the ground to any depth. Light scattered showers occurred generally on Oahu and Kauai. By islands, the average rainfall for the week was as follows: Hawaii, 1.14 inches; Maui, 0.21 inch; Oahu, 0.43 inch; Kauai, 0.69 inch.

had been completed. A sample pledge was exhibited at the meeting and approved. An order to print 25,000 pledge cards, 15,000 for this island and 10,000 for the other islands, was immediately given.

The sales committee reported that a deferred payment plan was ready for adoption and that it would be similar to the plan under which the Wells Fargo Co., during the first campaign, had enabled their employees to buy bonds on an easy payment system.

The active campaign work of distributing pledges and deferred payment plans will begin Monday morning.

RINK BUILDING MAY BE TURNED INTO THEATER

According to Fred Harrison, one of the owners, the rink building may yet be turned into a theater. Several mainland firms have the matter under consideration and are merely awaiting the time when the tourist travel to the city from the mainland this winter becomes an assured fact before concluding negotiations. Before the outbreak of the war three different syndicates were bidding for the property but since April matters have been somewhat at a standstill.

E. E. Neice, charged with assault and battery, this morning had his case continued until October 20.

WANTED

Good opening for live representative in your territory. Chance to make 100 to 200 per cent on small investment. Write for full information. The Federal Development Company, Alliance, Ohio. 6919-21

IN THE CIRCUIT COURT OF THE FIRST JUDICIAL CIRCUIT, Territory of Hawaii—At Chambers—in Probate.

In the Matter of the Estate of Samuel Scoville Paschal, Deceased.

Notice to Creditors.

Notice is hereby given that letters of ancillary administration with the Will Annexed have been issued to Hawaiian Trust Company, Limited, a Hawaiian corporation, as ancillary administrator with the Will Annexed of the Estate of Samuel Scoville Paschal, late of Montgomery County, State of Maryland.

All creditors of the said Samuel Scoville Paschal are hereby notified to present their claims against the said estate, with proper vouchers or duly authenticated copies thereof, even if the said claim be secured by a mortgage upon real estate, to the said Hawaiian Trust Company, Limited, at its office at 120 South King Street, Honolulu, within six (6) months from the date of the first publication of this notice, or they will be forever barred.

And all persons indebted to the said Samuel Scoville Paschal are hereby notified to make immediate payment to the undersigned as such ancillary administrator.

Dated, Honolulu, T. H., October 6, 1917.

FIND KEROSENE GOOD AS CRUDE OIL FOR FUEL

Experiments conducted by a Honolulu firm of machinists, the Durant-Irvine Co., a few weeks ago when the shortage of fuel oil became acute, showed that the Ray crude oil burners installed by the concern in bakeries, schools and other establishments could operate equally well, if not better, with kerosene or distillate.

Since this discovery, the Queen's hospital, Country Club, Commercial Club, Kanehameha school, Oahu College, Honolulu (Trucker Co., Ho Poi Kee bakery, Oahu bakery, Palace of Sweet, Eagle Cafe, Columbia Cafe, Railroad cafe, O. K. Soda water works, Oahu Poi factory and scores of other places which had had Ray crude oil burners installed have begun using distillate and kerosene and find that the burner gives better results.

So great has been the success experienced by the local firm in the work of installing and readjusting its crude oil burners that the demand has exceeded the supply of burners on hand and it is already several orders behind.

The demand for the Ray burner is not explained only by the fact that it will burn kerosene and distillate besides crude oil, but also because the appliance is almost 50 per cent more efficient than any other burner on the market. Its advantages are that it makes less noise, is water proof and fool proof, leaves no soot, can be lighted at a moment's notice, gives more heat, and no smoke, has a low maintenance cost, a low current consumption, has an automatic arrangement to shut off in case the fuel runs too fast, and can be operated for a week at a time without the slightest attention being given. It is simple in operation and there is no danger of explosion.
